

June 2022 Gold Rush Parade

By Mike McKey, President Southern Oregon Model T Club

The Southern Oregon Model T Club May tour was basically the "Gold Rush Parade" in Gold Hill the 1st week of June. We had 11 cars in our entry that were Model T's, Model A's and a Ford Thunderbird. Jerrod and Heather also brought a little mini Model T that his sister drove that led our group. We had a great time standing around for about an hour shooting the breeze about the old cars. The weather was also perfect for the parade. Not long after it was over it started to rain and did so all afternoon. We sure lucked out weather wise during the parade.
